This is our letter of intent for our production activities on Friday, **October 4th,** 2019. Hours of production activity will be from 12:00PM. until 4:00 PM. We are interested in filming at the arrival terminal #6 on the median near the bus pick up facing toward the sliding glass doors and curb pick up. As well as shooting just inside with the cast walking out. All production company personnel and equipment will remain within the leasehold boundary at all times. Any lighting equipment will be positioned as to not adversely impact aircraft operations. Any direction given by the on-site Airport Operations representative to shut off, lower, or otherwise reposition the lights will be complied with immediately.

Any elevated equipment (booms, cranes, lifts, etc.) which we do not have, will not be positioned higher than the nearest structure or allowed to penetrate any of the FAA Imaginary Surfaces. Any direction given by the on-site Airport Operations representative to lower or otherwise reposition the equipment will be complied with immediately
